

Experience the World Textile Forum ambiance!

The World Textile Forum 2019 will take place at the Zunfthaus zur Meisen in Zurich on 9 and 10 September.

The venue is one of Zurich's traditional guild houses and is situated in the old town. Zunfthaus zur Meisen is close to both Fraumuenster and Grossmuenster, two of the most famous landmarks of the city. A fitting venue to talk about the future of a traditional craft.

The historical Rokoko-style building offers a unique setting and its location in the city centre ensures easy accessibility. There are several hotels and parking garages in close proximity to the venue. The central location also offers excellent connections to public transport.

Experience interesting talks on "Sustainable Sourcing & Digital Production" by renowned speakers from the textile business in a historical setting.

Find more information on the conference venue: zunfthaus-zur-meisen.ch.
